Is It a Surprise

Why this Store Sells More Goods than Any Other?

In spite of the bad weather Saturday, our store was continually crowded with enthusiastic buyers. Its reason is simply because when we promise reductions in prices the public places full confidence in our ads, knowing when they call they get the stuff just as advertised.

T. O. CULLINS FOR ALDERMAN 2ND WARD

T. O. Cullins, yielding to the solicitation of friends, has consented to become a candidate for alderman from the second Ward. Mr. Cullins has lived here about four years and is known to our people as a jolly, good natured fellow who devotes close attention to his business and is loyal to his friends. He is competent to discharge the duties of

this office with credit if he is the choice of his ward.

Mr. Cullins has had plenty of experience in municipal affairs he having for a number of years held the position of health officer of Memphis, Tenn. We have before us strong endorsements of his efficiency from Jerome E. Richards and W. C. Davis, successive chiefs of police under whom he worked, and a very strong testimonial from Dr. Edwin Williams who was chief sanitary inspector while Mr. Cullins was in office. All three of these men were brought in close contact with his

work and evidently know what they are talking about.

Former Normal Girl Marries.

This morning Mr. and Mrs. X. R. Campbell passed through Ada en route to their future home at Hugo. The young couple was married at Oklahoma City a week ago and are returning from their honeymoon trip to Missouri.

The bride is well known in Ada as Miss Flora Lutts of Konawa, she having spent a part of last year in the normal, where she was deservedly popular.

ASSESSOR BILL BEFORE SENATE

AMENDMENTS ADOPTED—NEW OFFICERS WILL NOT ASSUME DUTIES UNTIL 1912.

Oklahoma City, Feb. 25.—The senate made so many changes in the county assessor bill Friday afternoon that it may be difficult for the house to recognize it when it gets back to that body. The senate decided in favor of the county assessor idea, but voted down a motion to postpone indefinitely at the beginning of consideration, 14 to 11. It apparently does not want the same kind of a bill that the house passed.

The first big change was the postponement of the time when the bill shall become effective for one year. A strong fight was made for the elimination entirely of all provision for the appointment of the assessors by the governor, leaving them to be elected by the people at the general election in 1912, and take office in January, 1913.

An amendment to that effect was proposed by Senator Goulding, but a compromise proposition was offered in the shape of a substitute by Senator Smith, providing that they should be appointed by the governor to take office on January 1, 1912, which would allow the present assessors to do the assessing for this year and prevent confusion that would arise from a change in the system at this time.

The Smith amendment was substituted for the one by Goulding by a vote of 20 to 17, and received twenty-three votes on the proposition to incorporate it into the bill. An amendment by Warren to provide for the appointment of the assessors by the county commissioners instead of the governor, was defeated, 17 to 19.

The other big change in the bill was the adoption of an amendment which requires the assessor to visit every precinct on a day of which notice shall be given through the paper and by posting notices and receive the property statements which are to be submitted to him by the voters gathered there for that purpose. He may remain at a precinct, one, two or three days, according to its population.

The amendment was finally adopted by a vote of 15 to 14. It was argued that it would be wholly inadequate to take care of conditions in Oklahoma City and the other larger cities, and another amendment was adopted requiring the assessor to keep his office open at the county seat throughout the assessing season, even when the itineraries are in progress.

Still another radical change was the adoption of an amendment proposed by Senator Horton, modeled on the Texas law, which requires the

Buy Your Furniture From SMITH And Make Your Own Terms 203-5 W. Main St.

property to be listed according to the name of the owner, instead of according to its legal description. This was bitterly opposed, and was defended with equal strength by some of the east side senators. Senator Landrum said that there were men 90 years old in his county who had never paid taxes until the last year or two, and expected to pay their taxes in the same way that they pay their bills at the store, some of them not even knowing the legal description of their

land. That amendment was adopted, 18 to 10.

Other amendments adopted at the afternoon session were by Mitchell, requiring the assessor to list the postoffice addresses of all persons assessed and return the same to the board of agriculture on blanks provided by it; by Jones, imposing a penalty of \$25 for every day of unnecessary delay by the assessor in getting the assessment books into the hands of the county commissioners; by Graham, cutting the penalty for refusing to list property from 50 to 25 per cent.

A number of provisions, which it was feared might conflict with portions of the general law, were referred to a special committee composed of Senators Smith, Goulding and Franklin for redrafting.

Tecumseh Depot is Burned.

Shawnee, Ok., Feb. 24.—The Shawnee depot at Tecumseh was burned last night, the second time in two years. Two negroes are under arrest and are charged with robbing the depot and then firing it.

Gubin & Barack are all torn up just now on account of the extensive changes that are being made in the interior arrangements of their store. A double deck is being put in and everything else put in shape for handling a big stock of goods.

Attention Home Builders--Opportunity Extraordinary

We will, until the 1st day of March, 1911, offer for sale at ATTRACTIVE PRICES, desirable resident property in either DONAGHEY, NORMAL HEIGHTS or CAPITOL HILL Additions. IF PURCHASER DESIRES, we will give TERMS ON LOTS and will LOAN MONEY TO ASSIST IN BUILDING RESIDENCE.

This property is located in the most desirable residence district in the city, where values are steadily advancing, and where values will continue to advance, even though a lull may reach other localities in the city.

IF YOU WANT A HOME call on us at once and let us show you this property. Don't wait until another rise comes when Byrd's Mill Water reaches the city.

P. A. NORRIS BUYS PERRY ALLOTMENT

WILL ERECT AT EMINENCE OF EAST SUNRISE A RESIDENCE FOR PERMANENT DWELLING.

WILL REPRESENT \$40,000.00

General Offices of Choctaw Oil Mill and Gln Company to Ada--Business and Social Public Pleased.

For some time, Ada business circles have shown much favorable interest, and social circles much friendly regard, in the prospect that

Mr. and Mrs. P. A. Norris and family would remove to Ada from Shawnee for permanent residence. There are heard today many expressions of satisfaction by town builders and business citizens that Mr. Norris has definitely announced that his future residence is Ada and that he has purchased three hundred and ten acres of land adjoining and being a part of the city on the East, subject to perfection of title, which is not of question, only of detail, and that he will beautify the entire tract and erect on the Perry Hill eminence at the point of the grove of trees, a home in which to live and at the last call, in which to die. It is understood by those to whom Mr. Norris has probably nearest acquainted his intentions, those of careful utterances, that he will, without delay, begin the erection of a twenty thousand dollar residence, and that his home investment, when completed, will represent an outlay of forty thousand dollars. The cost of the tract of land was \$14,000, and

all of it will be reserved as the estate of the home.

A prominent architect has already viewed the proposed site of the Norris home, preparatory to the draft of the plans by which dwelling will be constructed. The site of this proposed home is almost historic, with early and continuing interesting Indian associations. When it was settled, its founder, old uncle Billy Perry, with his choice unabridged throughout the beautiful Chickasaw-Choctaw country was unerring in his selection. He located his allotment and planted his home where critic must become the worshipper, where all who have viewed it could but feel the unsurpassing fitness there of another home when the old Indian should pass away; such a one as will be erected for the Norris home.

Mr. Norris will remove the offices of the Oil Mill and Gln Companies, of which he is head, to Ada and will occupy offices at the First National

Bank, of which he is president.

Mr. and Mrs. Norris formerly resided in Ada, but only for a short time and during the pioneer period, but the social ladies of then remember Mrs. Norris endearingly and among these today there are many exchanges of congratulations.

J. W. Kennedy, who moved to Ada last year for the benefit of his schools and who a short time ago moved back to his place near Fin-hugh, was an Ada visitor today. Mr. Kennedy is one of the largest land owners in the county, there being some 2,000 acres in his holdings.

Mrs. M. C. Whitmore received intelligence today to the effect that Mr. Whitmore is very ill at Leonard, Texas, and will leave this evening to join him.

Miss Walsie Goodwin, one of the popular teachers of Stratford is spending the day with friends here. She has just returned from the meeting of the state teachers meeting at Muskogee.

WOULD ANNEX TEXAS PAN- HANDLE.

Representative Patchell of Garvin
county must be the champion hum-
orist of the age. He has introduced
into the legislature a bill for the an-
nexation of the Texas Panhandle to
Oklahoma. Well, let us talk about
something reasonable: A trip to the
moon for instance, or establishing
wireless communication with Mars.
Geographically the Panhandle would
be better situated as a part of Okla-
homa, but otherwise—well, the gen-
tlemen from Garvin must be inviting
an armed invasion of Oklahoma when
he suggests that Texas might be in-
duced to give up a foot of her terri-
tory.

As an illustration of how tall oaks
from little acorns grow, we repro-

duce the following news item from
the Oklahoma City Times: "Ada, Ok.,
Feb. 24.—Burglars entered the Little
grocery store here last night and
secured \$250 in cash and a large
amount of merchandise. The burg-
lars also visited a dentist's office and
secured a quantity of valuables. No
clue to their identity has been found."

TRYING TO CATCH SUCKERS.

Eastern publishers who formerly
sent their magazines to country pa-
pers in exchange for a certain num-
ber of clippings to be credited to
them, thereby giving them that
amount of publicity and practically
free advertising, are now trying the
more economical plan of just mail-
ing a page of clippings with a re-
quest that any paper using them
send a marked copy of the issue con-
taining the clippings, and not even
sending their magazines. For one the
News will no longer be caught by
any such cheap method. Some of the
things that come to this office are
good and worth reproducing, but we
decline to be worked in any such
manner. Hereafter anything of this
nature we use will simply be mark-
ed "Ex."

We thought that no one any longer
believed in the old superstition that
"the king can do no wrong," but the
Fort Worth Record has changed our
notion about it. If Joe Bailey ever
made the slightest error in his life
the Record could not be made to
admit it. The latest case in point
is the Lorimer matter in the senate.
Bailey gave him a good coat of
whitewash and straightway the
Record came across with a warm
eulogy of Mr. Lorimer and his speech
in his own defense.

Southwestern Defeats Oklahoma.

By a single point the Southwestern
Kansas Normal College of Winfield
last Saturday defeated the State Uni-
versity in the most fiercely contested
game ever played on the Sooner
court. The final score was 41 to 40.
Until less than a minute before the
call of time the Sooners had a lead
of one point. Victory seemed assured.
The crowd was on its feet and pan-
demonium reigned. It was then that
Finley, the stellar forward of the
Kansas, secured the ball and set a
field goal from a difficult angle, scor-
ing two points and winning the bat-
tle.

The teams were aevenly matched
as it is possible for two teams to be
and a fast contest resulted. The play-
ing was spirited at all times, neither
aggregation slowing down during the
time of play. The Sooners started off
in the lead and at the close of the
first half were ahead with the score
27 to 24. The second half opened with
the visitors showing remarkable
brace. For a few minutes they played
rings around Bennie Owen's five and
attained a big lead. Gradually the
Sooners overhauled their opponents
and, just before the close of the game
led by one point after an exciting
tilt in which both teams fought their
best realizing that 2 points might
mean the game. Finley then came to
the rescue and annexed the victory
for Southwestern. The visitors were
the second aggregation to defeat the
University by one point on the home
court, Blackwell College having won
a decision by the same margin sev-
eral weeks ago.

Lorimer Answers Accusers.

Washington, D. C., Feb. 22.—Sen-
ator Lorimer of Illinois stood up in
the senate today and answered the
attacks made on the purity and val-
idity of his election as senator. The
floor of the senate was crowded far
beyond the custom. The galleries were
packed.

Lorimer stood at the desk of Sen-
ator Taliaferro, a democrat, while
speaking. During practically all of
his speech he directed his arguments
on his own party associates, for it
was from them that came the most
personal speeches in support of the
bribery charges.

He spoke with notable calmness,
as it was only now and then that his
face, always rather colorless, was
unusually pale.

Remedy for Tomato Blight.

Spokane, Wash., Feb. 25.—Discov-
ery has been made by S. A. Wright,
a fruit grower and truck farmer at
Opportunity, Wash., that western to-
mato blight is caused by a form of
bacteria in the soil. His remedy is
crop rotating to purify the earth,
treating the seed with a solution of
formaldehyde and setting the plants
in non-infected soil after taking them
from the hot bed.

Mr. Wright has reported his discov-
ery to the experiment station of the
Washington State College at Pull-
man and expects to interest agricul-
tural colleges and experiment sta-
tions in the Northwest in a move-
ment to stamp out the mysterious
disease, which has baffled experts
for years and cost market gardeners

FARMER'S WIFE HAD HEAP TO DO

Mrs. Shepherd Was in Bad Shape
When She Could Not Stand on
Her Feet.

Durham, N. C.—"I am a farmer's
wife," writes Mrs. J. M. Shepherd, of
this city, "and have a heap to do."

"Four months ago I could not stand
on my feet, to do anything much, but
at this time I do the most of my work. I
took Cardui and it did me more good
than all the doctors."

"You don't know half how I thank you
for the Cardui Home Treatment. I wish
that all women who suffer from womanly
trouble would treat themselves as I have."

Ladies can easily treat themselves at
home, with Cardui, the woman's tonic.
It is easy to take, and so gentle in its
action, that it cannot do anything but
good.

Being composed exclusively of vege-
table ingredients, Cardui cannot lay up
trouble in your system, as mineral drugs
often do. Its ingredients having no
harsh, medicinal effects, and being non-
poisonous and perfectly harmless, Cardui
is absolutely safe for young and old.

Ask your druggist. He will tell you to
try Cardui.

in the Pacific slope country hundreds
of thousands of dollars.

"Like the so-called wilt" which is
literally wiping out the flax indus-
try in many parts of Montana and
North Dakota," said Mr. Wright in
Spokane today, "the blight first at-
tacks the root of the tomato plant.
The rest of it soon becomes affected
and is rendered worthless. Each year
adds to the amount of injurious
germs in the land and the crop be-
comes smaller. In some instances the
soil is so infested that tomatoes will
not grow and that soon will be the
case in many parts of the west if
the blight is not checked.

"The growers must unite if the
fight on the blight is to be success-
ful, as the germs are easily spread
by irrigation ditches, wind and farm
implements. To insure healthy plants
every grower should raise his seed
from vigorous, blight-resisting stock
and use only fresh and purified soil
in making the hotbed and take care
of the plants after they have been
set out in the field. The remedy is so
simple that every tomato-grower
should join in this campaign against
the blight."

University Wins Over Ada.

By the one sided score of 20 to 5,
State University last night defeated
the picked team of the Ada Normal,
the game being played in the court
in the gymnasium of the building.

The Ada Normal has the cham-
pion team of Oklahoma state sewed
up in a sack through which no other
club of the common wealth can pene-
trate.

However, after a few short min-
utes of hard rushing with advantage
on neither side, Norman got on their
stride and in a few short moments
were shooting goals at a rate that
soon left the Ada team behind.

There was no individual starring
but every girl played the right kind
of game.

The Ada team was strange to the
local court and this handicapped
them to a great extent. This may be
the last game as the season is draw-
ing to a close, so look out the Ada
champions will be still stronger than
ever.

Base Ball.

When the Ada base ball season fi-
nally rolls around there will be many
faces familiar to the fans in the line
up.

Roddie and Houpt the two second
basemen has more than local reputa-
tion.

Prof. Little will have three stars
on his pitching staff on whom he can
rely and this is said without know-
ing who the others are. One of these
pitchers is one of the headiest pitch-
ers in the business.

Maud Donaghey is making his bluff
about quitting base ball a strong one
but the fact remains that he is eag-
er to hold down the home plate. Maud
is a hold out pure and simple accord-
ing to his friends.

The contract that was handed him
by Prof. Little did not put a valua-
tion on his bingles and he informed
Prof. Little that the figures would
have to be swelled before he would
sign.

Harry Jones the 1st baseman, is a
handsome youth, who blushes easily
and seems simple. He has a magnif-
icent body and arms, perfect health,
an Adamantine jaw, boiler iron ribs
undiscovered, and ability of a muley
cow. He has no defense. He hits the
ball like a woman throws, but, after
all, he's a peach. Earnest Rader, has
just reported to Prof. Little for a
try out in center field. Ernest is an
old has been, been playing ball ever
since he was knee high to a duck.
Currie, the famous catcher has been
put in the outfield. I think for good.
Frank Jones and Reese will be the
catcher. Biles is behaving nicely now
on the diamond, as Prof. Little keeps
him busy to keep him out of mean-
ness. Frank Jones is making good
fast. He is quiet and stern as his
father. Shorty Brents is certainly
coming out in right field. His mother
will be proud of him. The only trou-
ble with McCain is he runs himself
to death. Prof. Little had to remove
the wire fence to keep him from hurt-
ing himself.

Chances are Sam Donaghey will
be captain. It looks that way now.
Clifford Hardin was made water
boy for good.

ARE MICROBES IN YOUR SCALP?

It Has Been Proved That Microbes
Cause Baldness.

Professor Unna of Hamburg, Ger-
many, and Dr. Sabourand, the lead-
ing French dermatologist, discovered
that microbe causes baldness. Their
theory has time and again been am-
ply verified through research exper-
iments carried on under the obser-
vation of eminent scientists. This mi-
crobe lodges in the Sebum, which is
the natural hair oil, and when per-
mitted to flourish it destroys the
hair follicles and in time the pores
entirely close, and the scalp gradu-
ally takes on a shiny appearance.
When this happens there is no hope
of the growth of hair being revived.

We have a remedy which will, we
honestly believe, remove dandruff,
exterminate the microbe, promote
good circulation in the scalp and
around the hair roots and overcome
baldness, so long as there is any
life left in the hair roots.

We back up this statement with
our own personal guarantee that this
remedy called Rexall "93" Hair Ton-
ic will be supplied free of all cost
to the user if it fails to do as we
state.

It will frequently restore gray and
faded hair to its original color, pro-
viding loss of color has been caused
by disease; yet it is in no sense
a dye. Rexall "93" Hair Tonic ac-
complishes these results by making
every hair root, follicle and pigment
gland strong and active, and by
stimulating a natural flow of color-

It Does Pay to Know The Stores!

So great a part of every income is spent in
stores, that it would seem that, next to "man-
kind," "the proper study of mankind is—
stores!"

To the readers of the ads, the stores take
on individual characters—they become fami-
liar—they come to be UNDERSTOOD. The
value-giving "habits" of each store—and
the service rendered by each—are known,
and rightly valued.

The ad-reader knows an exaggerated state-
ment by an educated instinct; and an ad that
comes even to the borderland of misrepresen-
tation is a species of store-suicide.

Every merchant appreciates the NECESSI-
TY of "making good" every advertised price
concession—as well as the further NECESSI-
TY of making price concessions that are real
enough and notable enough to make the
store's advertising WORTH answering!

Thus the readers of ads keep in touch with
ALL buying opportunities in the store of the
city that make for economy in the home ex-
penses—and, thus to "know the stores"

THOMAS P. HOLT

FOR CITY ATTORNEY

The News is authorized to announce Thomas P. Holt as a candidate for the nomination for city attorney, subject to the action of the primary of March 21.

Mr. Holt is no stranger to the duties of this office, he having filled it most successfully during the uncertain period immediately preceding and following statehood. He succeeded in bringing the city through the proceedings necessary to transfer it from a city of the second class under the Indian Territory to a city of the first class under the Oklahoma law. Muskogee and other places made failures on their first attempts to do this and much delay and expense was caused while new elections were pending.

Mr. Holt drafted the proceedings of the city hall, sewer, waterworks, park and refunding bonds which proceedings were approved by the most careful bond attorneys and the bonds speedily disposed of. He also handled to a successful conclusion the bonds for the paving of 12th street. He has just finished drafting the proceedings for the \$25,000 issue of waterworks bonds of the city of Allen, which proceedings have also been approved.

With no bond commissioner and with few precedents to guide him in these matters, it is indeed a creditable showing for Mr. Holt as a bond attorney, for many issues on the east side were turned down.

He also made good as a prosecutor of law violators and the city's interests were in safe hands during his incumbency.

TRYING TO ORGANIZE

ADA BUSINESS MEN

Yesterday afternoon a few business men with Mr. Kelly, assistant state manager of the Retailers' Association, and discussed the possibility and advisability of organizing a local at Ada. It is stated that eight signified their willingness to join and efforts will be made to secure seven others. Mr. Kelly will probably remain in town until some definite conclusion has been reached.

Commission Government.

The advantages to be gained in the commission form of government over the aldermanic system begin with the application of business methods to the administration of municipal affairs. It is a means by which the affairs of the city may receive prompt and intelligent attention without hargue and waste of time. It places the responsibility of city affairs on responsible individuals, and holds them and them alone, to account. It is a quick and adequate means of avoiding complicated and expensive entanglements. It is of inestimable value in stopping financial leakage. It affords a sure way to reduce the tax rate of the city and at the same time to increase the expenditures for public improvements. It is a guaranty of dispatch in all matters of interest coming before its executive officers. It is an assurance of prompt attention to petitions from citizens. It admits of the application of modern business methods. It is a method of government which affords power to act and fixes responsibility for action. It creates business confidence in a city as a government, and gives a higher rating to the credit of the city.—Guy Blackwelder in Oklahoma City Times.

TEACHERS ASSOCIATION
RECOMMENDS LEGISLATION

Endorses Cruce's Plan for Management of State Schools—Favor Longer Terms.

Muskogee, Ok., Feb. 24.—The Oklahoma Educational Association in its fifth annual session today passed resolutions declaring for a state Board of Education which shall have control of all state schools, in accordance with the idea of Gov. Cruce, in favor of amending the constitution so that the officers may be elected from the body of the organization.

A resolution condemning the boy scout movement was voted down. New laws were recommended providing for a sufficient tax levy to have at least five months of school in all districts.

Organization of girls and boys' clubs and prizes offered for best progress in agriculture pursuits was endorsed.

The session was officially closed this afternoon and all the delegates attended the push ball game between the teachers of the east and west sides of the state.

NEFF-PENNINGTON CO.

PRESENTS "DORA"

What many regard as the best number of the week's attractions of the Neff-Pennington company was presented at the opera house last evening. It was the drama entitled "Dora" and founded on Tennyson's famous poem.

It brought out in strong light the contest of iron wills. Uncle Bill was a man of strong prejudices and a will that knew no bending. In his hatred of all he could not bend he was terrible. However, in the end he was conquered by the love of his adopted daughter, Dora, and before it was too late acknowledged that it brought much more happiness to love than to hate.

This evening Col. Neff's favorite will be presented. It was written especially for him and is called "The Scape Goat." There are many scape goats in Oklahoma politics and perhaps the audience will have opportunity to see one in real life.

Aid Society to Meet.

The Ladies' Aid Society of the Christian church will meet with Mrs. J. B. Ingram Monday afternoon at 3 o'clock.

It being the birthday of Longfellow, each member will respond to roll call in a quotation from that author.

First Methodist Church.

"The Power of Prayer" will be the subject of the sermon by Rev. E. M. Sweet, Jr., pastor of the First Methodist church, tomorrow morning at 11 o'clock. It is the purpose of the pastor at the evening service (7:30 o'clock) to begin a series of Sunday evening story-sermons about "Remarkable Conversions." These stories will be drawn from modern life, most of them now living characters, that have been instantaneously changed from the low and sinful to be made strong and pure and victorious over temptation, through the superhuman power of Jesus Christ. The series will continue several weeks.

The Sunday school will meet at 9:45 a. m., the Epworth League at 6:45 p. m. Wednesday evening after the regular mid-week service, the second quarterly conference will be held, Rev. S. F. Goddard, presiding elder of Ada District, conducting the same.

A cordial welcome is extended to every one to all these services.

Christian Church.

**GALLON AT HOME;
BIG QUART AT OFFICE**

Provisions of Prohibition Bill as Passed by Senate.

The senate Friday morning passed the prohibition bill as amended in several sections from the original measure adopted by the house and now will be sent back to the house for its consideration. The senate passed the bill giving the governor power to suspend any county attorney or other officer for failure to enforce the law upon petition of ten citizens. The person suspended may, however, have a trial in the district court.

The strict sections making it unlawful for any one to have in his possession whiskey, was stricken from the bill and it shall not be unlawful to have as much as a gallon at home and a quart at the office. The vote was 35 to 4 on the bill.

The senate went into the committee of the whole for the consideration of the county assessors' bill, but no recommendation was made. Senator Vandeventer introduced a resolution urging congressmen and United States senators to vote and do all in their power to secure the passage of the reciprocity bill affecting trade relations with Canada.

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous for Ada People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Help the kidneys with the safe and reliable remedy, Doan's Kidney Pills, which has cured people right here in this locality.

J. E. Womble, Main St., Sulphur, Okla., says: "For four or five years I was bothered a great deal by too frequent passages of the kidney secretions and a stiffness in my back. I tried one remedy after another, but until I procured Doan's Kidney Pills a few months ago, nothing brought me permanent relief. Since taking the contents of two boxes of this preparation, my health has been better and the kidney secretions have been regular in passage."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

ADA SOCIAL EVENTS.

SOROSIS ENTERTAIN IN HONOR OF MRS. H. A. HOGES

On last Saturday afternoon Mesdames George, Charles and Miss Gertrude Thompson were the hostesses to the members of Sorosis, complimentary to Mrs. Hodges.

The guests were first ushered into the "Lovers' Den," where the decorations were hearts, Cupids, etc. A Gypsy tent was erected and fortunes were told, then all were invited to the parlor, which was typical of Washington's birthday, and here, the guests enjoyed, two spirited contests. One was a musical medley, the other a Shakespeare wedding.

Following this, the beautiful chimes were heard, the dining room doors were thrown open, and the members were astonished to see, that this room, had been converted into the "Forest of Arden," representing a scene from the play the club is studying this year.

The table was beautiful with its decorations of ferns, carnations, and festoons of smilax, while the pretty tapers shed a soft light over all, making indeed a beautiful scene. The place cards were lovely oak leaves, and the delicious refreshments served by Miss Edmiston and Miss Gertrude caused the guests to think, that everything is just, "As You Like It."

Mrs. Hodges, for whom this party had been planned is dearly beloved by all the members, and to show their love for her a "linen shower" was given, and she was the recipient of many beautiful pieces of hand work.

Miss Fannie J. Allen Entertains.

Wednesday evening Miss Fannie J. Allen entertained a number of her young friends at the home of Mrs. W. W. Sledge with the ever popular game of 42. The affair was given in honor of her brother, J. R. Allen of Fort Worth, who was here on a visit to the family. Five tables were prepared for the players. In honor of Washington's birthday the score cards and decorations were in keeping with the occasion. After the guests had enjoyed the games to the fullest extent a dainty two course luncheon was served.

With Mrs. C. R. Drummond.

Mrs. C. R. Drummond beautifully entertained the 500 Club Wednesday afternoon. The decorations and all the arrangements were appropriate for the day, Feb. 22nd. The picture of George and Martha Washington appeared on the score cards. Cherry ice cream was served from unique flag-shaped cups, and the souvenirs were little hatchets.

Those who the pleasure of being the guests of Mrs. Drummond were: Mesdames Wintersmith, Beck, Rodarmel, Morrison, Creveling, Hart, R. F. King, Frierson, Higgins, Bonner, Barney, LeFevre, Thompson, P. T. Drummond and Mrs. W. N. Mays, who assisted in receiving and serving.

Baracas Entertain Philatheas.

Thursday evening, Mrs. C. W. Briles' home in Normal Heights was open to forty young ladies and gentlemen, when her Sunday school class, the Baracas, entertained the Philatheas. An eight weeks attendance and tardy contest had just closed between the classes and the boys did their part most royally in entertaining the victorious girls.

One could but imbibe the spirit of patriotism on entering the parlors, where they were cordially received by Harry Jones, secretary of the class, for the color scheme every where was red, white and blue, with flags galore. Then, too, a number of the girls played the role of "Martha" to perfection.

When all had gathered, each boy was given a card on which was printed twenty-four subjects and for several minutes they were very busy soliciting partners with whom to discuss the subjects. This game of "Progressive Nonsense" afforded much amusement and a good deal of chattering. Later, every one was given an opportunity to display their aptitude for moulding wax figures. From the collection, occasionally, a dog or pig could be recognized. Brick cream in red, white and blue with delicious cake baked by Mrs. Briles, was served.

The girls expressed delight, and some surprise, that the boys knew so well how to entertain, and declared that even they could not have carried out such a successful party.

Mothers' Club on North Side.

The Mothers' Club on North Side met Friday afternoon at the school building, when they discussed ways and means for improvements over there. A committee was appointed to make some definite arrangements for improving the premises, another com

Jay Will Be County Seat.

Sapulpa, Okla., Feb. 22.—Judge D. A. McDougal of Sapulpa Wednesday decided that Jay was the legal county seat of Delaware county, ending a most bitterly contested fight.

The rival towns for county seat honors were Jay and Grove, both small towns. The county seat election was hotly contested and Judge McDougal was made referee by the courts.

According to the findings of the referee, Jay won by a majority of five votes. The result as announced by the election tabulators gave Jay a majority of 100.

Leading charges of Grove were that there was no such town as Jay at the time of the election. The referee found that Jay was a very small place at the time of the election, but it received the most votes probably because it is near the center of the county.

It has been built up greatly in the past eighteen months and now claims to be the largest place in the county, though it is fifteen miles from a railroad. A spur of the Frisco reaches Grove from Arkansas, but the county is off any railroad line in Oklahoma.
